198. Return showing:—1. Whether the Government have taken cognizance of the following article published in the Montreal "Gazette" on November 1, 1915:—"Canadian Help Comes from Sale of Gift Flour. Foodstuffs not Needed by the English Poor were Bought for Belgian Relief.—Funds to Aid East Coast.—Hon. Walter Long Suggested to Canadian Government that $750,000 be Allotted, and Latter Agreed.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, October 31,—'Canada's aid to the east coast towns of England, which are suffering through the war, is the subject of some misconception,' said Sir George Perley to-day. In a statement in the Commons, Hon. Walter Long said that the necessary funds for a Government scheme of help for hotel and lodging house keepers had been generously provided by the Canadian Government. This gave rise to the idea that the Dominion was taking a new step, but the fact is that no money is coming from Canada. Of the flour sent by Canada a year ago to relieve distress in England, very little was distributed, as poverty was in no way abnormal. Some 400,000 bags of this flour were transferred to the American committee for Belgian relief, which purchased them. The money paid for this flour being in the hands of the Local Government Board, Hon. Walter Long, as President of the Board, suggested to Sir George Perley that this might be utilized for the relief of the east coast towns where the season had been ruined owing to the lack of railway facilities and the disinclination of the public to visit the east coast because of the possibility of German naval or aerial raids. The Dominion Government acquiesced in this proposal, and the sum of $750,000, part of the proceeds of the sale of the flour, has now been allotted for this purpose. Canada's generosity will therefore go to alleviate the distress of a large number of better-class people, who are direct sufferers from the war, instead of the destitute poor, for whom it was intended, but who, it develops, were not in need of it." 2. Whether the said article is accurate. If not, in what respect it is inaccurate. Presented March 20, 1916.—*Mr. Papineau.*
Not printed.

198a. Return showing:—1. Whether the Government is aware that the following extract from an article was published on the 12th January, 1915, in the Montreal "Gazette":—

"Distress Caused in England by War is Negligible.—Comparatively Small Portion of Colonial Gifts Used for National Relief.—Much Went to Belgians.—War Office also took Large Share.—Salvation Army has Scheme Requiring Canadian Co-operation.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, January 11.—Very satisfactory evidence of the comparative absence in England of any distress caused by the war is furnished by a report on the special work of the Local Government Board arising out of the war, which was issued to-day as a White Paper. The action by Noel Kershaw, dealing with the disposition of the gifts from the Colonies, shows that only a small part of the goods allocated has been required for relieving the distress of civilians.

"The following is the disposition of the 940,530 bags of flour received from Canada: To the local committees for the relief of distress, 90,474; to the Belgian Refugees Committees, 1,691; transferred to the War Office, 99,760; further offer to the War Office, 300,000; to the Belgian Relief Commission, 443,886; sold, owing to damage, 4,719." 2. Who had charge of accepting delivery and the shipping of this flour. 3. Whether the Government have any information of the shortage of 59,430 bags of flour, alleged in said article. If not, what became of the flour that was short. Presented March 20, 1916.—*Mr. Papineau*.. .. ..*Not printed.*

TREASURY BOARD OVER-RULING OF THE AUDITOR GENERAL'S DECISION BETWEEN THE SESSIONS OF 1915-16.

Public Works Department; Payment to E. R. Reid, contractor for the construction of a Breakwater at Centreville, Nova Scotia.

AUDITOR GENERAL'S OFFICE, OTTAWA, April 24, 1915.

SIR,—I have to acknowledge receipt of your application No. 46 of 22nd April for the issue of a cheque in favour of E. R. Reid for $22, 439.96 in full and final settlement of claim in connection with contract No. 8963, chargeable to Centreville, N.S.

Mr. Reid's contract price was $44,500 and he claims to have spent $66,939.96 on the work, showing a loss to him of $22, 439.96 which he claims should be recouped to him on account, principally, of increased cost of stone ballast and delay in creosoted timber delivery, supplied by the department.

As to the statement of delay, caused by delivery of only part of the creosoted timber at the commencement of the work, the district engineer states that he fails to discover anything in this feature of the claim, as 80 per cent of the whole order was delivered in August, 1912.

He also states that the contractor expected the stone to cost from 40 to 60 cents per ton or, say an average of 50 cents. The average cost was, he believes, fully $1 per ton

In view of these statements by your own engineer, I do not see on what ground you propose to pay this additional sum.

There does not appear to be any additional expense to the contractor through any neglect of the department to supply the creosoted timber. As to the cost of the stone, the department had nothing to do with it. The contractor should have ascertained what it was going to cost him before tendering.

The chief engineer states: "In equity there is no doubt but that Mr. Reid is entitled to extra compensation, as he constructed this work in an efficient manner; and there is no doubt that the total cost, as given above, and as corroborated by an affidavit attached herewith is correct."

As to the first reason, Mr. Reid was bound by contract to construct the work in an efficient manner, and in equity he is not entitled to an additional dollar on that ground. As to the second reason, viz; the total cost exceeding Mr. Reid's expectations, that is one of the chances a contractor takes. Had the total cost been less than the amount of the contract, would the department, in equity, be entitled to deduct the saving from the contract price? I think not.

If the department adopts the principle that, when it is found that a work costs more than the amount of the contract it should pay the total cost, what is the use of calling for tenders? Why not ask the contractor to do the work and render his account for the same?

Unless some better reason is given than appears in the papers sent me, I cannot see my way clear to issue a certificate for payment.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Public Works.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, April 28, 1915.

SIR,—I beg to acknowledge the receipt of your letter of the 24th instant, asking for further information in regard to our application No. 46, of April 22, for the issue of a cheque in favour of E. R. Reid, for $22, 439.96, in full and final settlement of his claim in connection with his contract for the construction of a Breakwater at Centreville, N.S.

I have the honour to be, sir, your obedient servant,

The Auditor General. R. C. DESROCHERS, *Secretary.*

FINANCE DEPARTMENT, May 18, 1915.

Memorandum respecting payment of the claim of E. R. Reid for $22,439.96 for the construction of a breakwater at Centreville, N.S.

This contract was awarded to Mr. Reid in June, 1912. After submitting his tender, but before he was notified that he was the lowest bidder, Mr. Reid wired the Department asking permission to withdraw his tender as he had discovered that his price was too low. The Department would not allow the tender to be withdrawn unless the security deposit was forfeited, so Mr. Reid signed the contract. He asked, however, that the creosoted timber he delivered promptly.

The contractor was notified of acceptance of tender on the 19th June, 1912; he was on the ground about August 1 and the first creosoted timber was delivered at the work on the 17th August, 1912.

The contract price amounted to $44,500. The actual cost of the work as made by departmental auditor is placed at $66,939.96, indicating a loss of $22,439.96. It is apparent that Mr. Reid's difficulty lies in the fact that he bid too low for the work. The work itself appears to have been carried on in an economical and business-like manner; but that the ballast stone, a very large item in the construction of the breakwater, cost from 50 to 100 per cent more than either the Department or the Contractor anticipated.

Parliament at its last session voted the sum of $22,439.96 "In full and final settlement of E. R. Reid's claim in connection with construction of breakwater." To the payment of this the Auditor General now objects in the following terms:—

"As to the statement of delay, caused by delivery of only part of the creosoted timber at the commencement of the work the District Engineer states that he fails to discover anything in this feature of the claim as 80 per cent of the whole order was delivered in August, 1912.

"He also states that the contractor expected the stone to cost from 40 to 60 cents per ton or, say an average of 50 cents. The average cost was, he believes, fully $1 per ton.

"In view of these statements by your own engineer I do not see on what ground you propose to pay this additional sum.

"There does not appear to be any additional expense to the contractor through any neglect of the Department to supply the creosoted timber. As to the cost of the stone, the Department had nothing to do with it. The contractor should have ascertained what it was going to cost him before tendering.

"The Chief Engineer states: 'In equity there is no doubt but that Mr. Reid is entitled to extra compensation as he constructed this work in an efficient manner, and there is no doubt that the total cost, as given above, and as corroborated by an affidavit attached herewith is correct.'

"As to the first reason, Mr. Reid was bound by contract to construct the work in an efficient manner, and in equity he is not entitled to an additional dollar on that ground. As to the second reason, viz.: The total cost exceeding Mr. Reid's expectations, that is one of the chances a contractor takes. Had the total cost been less than the amount of the contract would the Department in equity be entitled to deduct the saving from the contract price? I think not.

"If the Department adopts the principle that, when it is found that a work costs more than the amount of the contract it should pay the total cost, what is the use of calling for tenders? Why not ask the contractor to do the work and render his account for the same.

"Unless some better reason is given than appears in the papers sent me I cannot see my way clear to issue a certificate for payment."

"T. C. BOVILLE, *D.M.F.*
J. FRASER, *A.G.*

Extract from the Minutes of a meeting of the Honourable the Treasury Board, held at Ottawa, on the nineteenth day of May, 1915.

TREASURY BOARD:—

The board had under consideration an appeal by the Department of Public Works against the decision of the Auditor General refusing to issue a certificate for payment of the sum of $22,439.96, to Mr. E. R. Reid, Contractor, in full and final settlement of the claim submitted by him in connection with his contract No. 8963, for the construction of a breakwater at Centreville (Trout Cove), N.S.

From a report of the case prepared by the Auditor General and the Deputy Minister of Finance, and submitted to the board, it appears that the contract in question was awarded to Mr. Reid in June, 1912; that after submitting his tender, but before he was notified that he was the lowest bidder, Mr. Reid wired the department, asking permission to withdraw his tender as he had discovered that his price was too low; that the department would not allow the tender to be withdrawn unless the security deposit was forfeited, so Mr. Reid signed the contract, but asked that the creosoted timber be delivered promptly; that the contractor was notified of the acceptance of his tender on the 19th June, 1912; that he was on the ground about 1st August, and the first creosoted timber was delivered at the work on the 17th August, 1912; that the contract price amounted to $44,500, and the actual cost of the work as made by departmental auditor, is placed at $66,939.96, indicating a loss of $22,439.96; that the work itself appears to have been carried on in an economical and business-like manner, but that the ballast stone, a very large item in the construction of the breakwater, cost from 50 to 100 per cent more than either the department or the contractor anticipated.

The report further states that Parliament at its last session voted the sum of $22,439.96, "In full and final settlement of E. R. Reid's claim in connection with construction of breakwater."

The Auditor General takes objection to the payment in question under section 43 of the Consolidated Revenue and Audit Act, on the ground that the money is not justly due.

Inasmuch as the amount was arrived at as a full and final settlement of the claim by the Department of Public Works, and inasmuch as Parliament by its vote confirmed the settlement and sanctioned the payment, the board are of opinion that the objection of the Auditor General is not well taken and should be over-ruled, and that the intention of Parliament should be carried out and the amount paid.

The board, therefore, direct that a cheque be issued for the payment of the claim of Mr. Reid.

(a) Over-expenditure due in part to the change in the rate of payment to railways from a straight mileage rate, to a milage rate based on the amount of car space occupied by the mails, but mostly to the necessity, in the interests of economy, of ordering three years' supply of Parcel Post Bagging, as the British firm supplying these goods would not fill an order for one year's supply except at a considerable increase in cost. In either case it was not possible to make an accurate estimate of expenditure.

(b) Overdraft due to bringing the payments of the contract rate for the White Horse and Dawson Mail Service within the fiscal year, instead of within a period stated as for "The Season of Navigation", which will call for a uniform number of equal payments being made each fiscal year hereafter.

AUDIT OFFICE, OTTAWA, August 24, 1915.

Re Warehouse Storage Fees.

SIR,—The receipts at Winnipeg for Warehouse Storage fees in 1913-14 amounted to $3,132.73, in 1914-15 to $51.60.

Please explain this large reduction.

I, am, sir, your obedient servant,

JOHN GORMAN,
for A.G.

The Commissioner of Customs.

DEPARTMENT OF CUSTOMS, OTTAWA, September 8, 1915.

SIR,—Referring to your letter of the 24th ultimo, I have the honour to advise you that a report has been obtained from the Collector of Customs at Winnipeg, dated 2nd instant, to the effect that the King's warehouse at that port was transferred from the Examining Room to Messrs. Ferguson Bros. warehouse on the 1st January, 1914, and that from such date storage charges were due to and collected by Ferguson Bros.

I may add that the premises formerly used as an Examining warehouse at Winnipeg were required for other Customs purposes.

I, am, sir, your obedient servant,

R. R. FARROW,
Assistant Commissioner of Customs.

The Auditor General.

AUDIT OFFICE, OTTAWA, September 14, 1914.

SIR,—I beg to draw your attention to vouchers Nos. 5224 Port Moosejaw, and 10605 Port Brandon, covering expenses in connection with seizure No. 28, and amounting in each case to $32.05.

The accounts furnished from each of these ports are dated Outport of Bannerman, and as they are identical in every particular I shall be glad to know if both should have been paid. The first payment was made by cheque No. 5044 issued on August 16, 1913; the second cheque No. 10233 appears to have been sent the Collector at Brandon on the 27th of the following December.

I, am, sir, your obedient servant,

J. FRASER, *A.G.*

The Commissioner of Customs.

DEPARTMENT OF CUSTOMS, OTTAWA, September 24, 1914.

SIR,—I beg to acknowledge receipt of your letter of the 14th instant, drawing my attention to Vouchers Nos. 5224 of the Port of Moosejaw, and 10605 of the Port of Brandon, covering expenses in connection with seizure No. 28. and amounting in each case to $32.05.

In reply I beg to say that the matter is being investigated, and report will be made to you in due time.

I, am, sir, your obedient servant,

JOHN McDOUGALD,
Commissioner of Customs.

The Auditor General.

AUDIT OFFICE, January 18, 1915.

SIR,—I have to request to be informed under what regulation it was possible for your department (without the authority of an Order in Council) to appoint a temporary Excise officer such as Mr. J. A. Cantin, at Quebec, at a salary of $1,200, and subsequently increase his salary to $1,400.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, January 20, 1915.

SIR,—I acknowledge receipt of your communication of the 18th instant, requesting to be advised under what authority Mr. J. A. Cantin, Quebec, was appointed as a temporary Excise officer at a salary of $1,200 per annum, and the subsequent increase thereof to $1,400 per annum.

In reply, I beg to advise that original employment at the salary stated, and the increase referred to, was made under instructions of the Honourable the Minister of Inland Revenue at that time.

I am, sir, your obedient servant,

GEO. W. TAYLOR, *Asst. D.M.*

The Auditor General.

AUDIT OFFICE, January 21, 1915.

SIR,—Your answer of the 20th instant in reference to the appointment of Mr. J. A. Cantin does not give the desired information.

Section 94 of the Civil Service Act empowers the Governor in Council to appoint extra clerks in the Outside Service of any of the departments, but I do not find that an Order in Council was passed appointing Mr. Cantin. If an order was not passed, what is required is the chapter and section of the Act of Parliament which empowers the Minister to make such appointments in the Outside Service without the sanction of Council,

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

AUDIT OFFICE. January 21, 1915.

SIR,—Mr. F. Dennison of your department has been employed at Ottawa as a temporary officer for several years. Attention was called to this case in my letter of July 11, 1910, pointing out that this was contrary to the provisions of the Civil Service Act. In the reply from your department, dated July 16, 1910, it was stated that action would be taken at an early date to bring about his permanent appointment as a messenger, or to cause him to return to the Outside Service. It does not appear that either action was taken. Steps should be taken to conform to the Acts of Parliament governing the departmental service.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

AUDIT OFFICE, March 1, 1915.

SIR,—I would call your attention to my letters of January 21 in reference to the employment of Messrs. F. Dennison and J. A. Cantin in your department An early reply is requested to each.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, March 8, 1915.

Employment of temporary Excise officers.

SIR,—Replying to your communications of the 21st January and 1st instant relative to the subject above mentioned, I beg to advise that steps have been taken providing for amendment to the *Inland Revenue Act* this session whereby the practice objected to will be legalized.

I am, sir, your obedient servant,

GEO. W. TAYLOR,
Asst. D.M.

The Auditor General.

AUDIT OFFICE, May 19, 1915.

SIR,—I wrote you on January 21 and March 1 in regard to the irregularity of the employment of Mr. F. Dennison.

I have to request to be informed what action is intended to be taken by your department.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, May 22, 1915.

SIR,—I have your letter of May 19, in reference to the irregularity of the employment of Mr. F. Dennison.

I am glad that you have brought the matter to my attention, and shall attend to it at once.

Yours truly,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, September 11, 1915.

SIR,—In an interview I had with your Minister last spring it was understood by me that an Order in Council would be passed to cover the employment of all the temporary officers in your department. Six months of the present fiscal year are nearly passed, but I have seen no such Order in Council. Unless one is passed in the near future I will be obliged to refuse payment of the salaries of these officers.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, October 1, 1915.

SIR,—Unfortunately, on account of the absence of the Honourable Mr. Blondin, I could not take up with him sooner, the matter referred to in your letter of September 11, concerning the temporary officers of this Department.

The Honourable Mr. Blondin requests me to tell you that he will, without delay, bring up the subject before the Honourable Mr. Borden, as it is a very important one, and one which also concerns other departments.

Yours very truly,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, March 8, 1915.

SIR,—There are payments made each year to officials of your department to cover their removal expenses. These payments have been made without the authority of the Treasury Board, as is required by the Order in Council of September 8, 1871, which states that no account for removal expenses be granted except on the report of the Treasury Board.

I do not find that your "General Regulations" have ever been approved by the Treasury Board, and in the absence of such approval I have to request that in future no payments for removal expenses be made by your department before obtaining the approval of the Treasury Board in each case.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

AUDIT OFFICE, October 16, 1915.

SIR,—There were payments made during the past fiscal year by your Department to four persons for translation work.

One of these, H. Grignon, Ottawa, was paid $233.15. Is this the Mr. Grignon employed in the Department of Naval Service? If so this is a violation of Section 21 of the Civil Service Amendment Act of 1910.

Why was it necessary to go outside the officers of your Department in order to have this work done?

I am, sir, your obedient servant,

E. D. SUTHERLAND, for *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE, OTTAWA, October 18, 1915.

SIR,—I acknowledge receipt of your communication of the 16th instant respecting expenditure for translation work performed for this Department.

In reply, I may say that as the work given to Mr. Grignon of the Department of the Naval Service was of pressing character his services were retained until those of Mr. A. A. Taillon, Union Bank Building, were secured and the latter continued to act in the capacity of translator for several months when an officer was transferred from the Post Office Department and permanently appointed as such in this Department.

I remain, sir, your obedient servant,

GEO. W. TAYLOR, *Asst. D.M. and S.*

The Auditor General.

AUDIT OFFICE, October 19, 1915.

SIR,— I am in receipt of your reply of yesterday in regard to payments made to Mr. Grignon of the Department of Naval Service for translation work.

As this is a violation of Section 21 of the Civil Service Amendment of 1910 a refund should be obtained from him of the amount he received for this work, namely, $233.15.

Payments were also made last year to L. Laframboise for similar work amounting to $58.78, part of which, $38.93, appears to have been for work done during last Session. Is Mr. Laframboise a permanent member of the staff of the House of Commons? If so, he also should be requested to refund the amount illegally paid him.

I should have thought that the provisions of Section 21, Civil Service Act, would be very familiar to the Accountants of Departments, and it seems strange that yours did not call your attention to its violation by the payment to Mr. Grignon, and to Mr. Laframboise, provided of course that he is on the staff of the House of Commons.

I am, sir, your obedient servant,

E. D. SUTHERLAND, for *A.G.*

The Deputy Minister of Inland Revenue.

AUDIT OFFICE, OTTAWA, December 2, 1914.

Re **Ferries.**

SIR,— In your revenue for 1912-13 there came to account fees for the following ferry licenses:—

Ft. Francis and International Falls, two years.....$ 50 00
Lapasse and Gower Point..... 50 00

Neither of these appears in the revenue for 1913-14, nor do they appear in your statement of arrears due.

Please explain.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, December 9, 1914.

SIR,—Replying to your communication of the 2nd inst., respecting ferry license fees, I beg to advise that the Lapasse and Gower Point license expired on the 1st May, 1913, and although tenders were called for, none were received, in consequence of which the license was not renewed.

As respects the Fort Frances and International ferry, I may state that the annual license fee is $25. The fee for fiscal year 1912-13 was paid on the 18th April, 1912, and for the year 1913-14 on the 27th March, 1913; the fees for the two years were, therefore, paid during the currency of the fiscal year 1912-13.

I remain, sir, your obedient servant,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 11, 1914.

SIR,—You state in your letter of 9th instant that the Lapasse and Gower Point license expired May 1, 1913, and although tenders were called for none were received in consequence the license was not renewed.

The same thing happened with the Quyon ferry about which I wrote you March 12, 1912.

In reply you stated that there is nothing in the law which makes it compulsory to license a ferry, and if a licensee does not renew his license the matter is allowed to drop, and if he chooses to continue his ferry he is at liberty to do so, but he cannot prevent any other person ferrying at same point.

The weakness in this practice is that any other person other than the former licensee is not aware of the privilege and has no means of knowing that the former licensee has failed to renew his license.

According to this practice it is not necessary for any licensee to renew his license; having once established a ferry and obtained patronage he is at liberty to continue without paying any fee.

It seems to me that the practice is inconsistent, and should be revised.

Requesting your consideration.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

Re **Distilleries.**

AUDIT OFFICE, OTTAWA, December 29, 1914.

SIR,—On December 18 the Distillery returns from April to November were forwarded from your department.

These returns show that, on stocktaking last April, surpluses existed in the Process Account 'D' at the following distilleries:—

Prescott	7,548·26 gals.
Perth, McLaren	46·62 "
Toronto, G. & W.	4,008·76 "
Joliette	2,525·
St. Hyacinthe	55·75 "
Vancouver	343·65 "

These surpluses no doubt arose from the arbitrary practice of calculating the production at a temperature of 40 per cent. When this procedure was adopted the late Auditor General objected, claiming that the department was not authorized to make any such regulation without statutory authority.

These returns also show deficiencies in the Process Account, at the following distilleries:—

Perth S. & S.	63·03 gals.
Guelph	2,859·26 "
Walkerville	1,584·28 "

These amounts were deducted from the amount on hand in Process Accounts.

In the case of Perth it is stated that duty was paid on the deficiency. In the case of Guelph it is not stated whether the duty was paid.

In the case of Walkerville it is stated that the deficiency was written off.

Please let me know if duty is paid on all such deficiencies, and if not, on what authority.

At the following distilleries there is neither surplus nor deficiency:—

Belleville.
Toronto Gen. Dist. Co.
Montreal Products Co.

Was stock taken at these distilleries?

I have previously requested that copies of the inspectors' returns should be furnished, and I would again ask for them.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, January 12, 1915.

SIR,—I acknowledge receipt of your communication of the 9th ult., relative to deficiencies and surpluses arising in process stock at various distilleries, as shown by the monthly returns of manufacturers forwarded from April of the present fiscal year.

In reply, I may state that the surpluses mentioned, with the exception of that at the Prescott distillery, are those determined by stocktaking on the 31st March last. In the case of the Wiser distillery at Prescott, the quantity should be 3,537·42 instead of 7,548·26 proof gallons, as stated in your letter, the error having evidently arisen from the manner in which the item was placed on the monthly return.

In regard to the quantities deducted from process stock at the Waterloo, Walkerville, and Perth, (Spalding & Stuart) distilleries, I beg to state that as the duty represented thereby was paid during July last, in the case of the first

mentioned, and in April as respects the two remaining cases, the respective licensees were authorized under the regulations of the department to take credit for the quantities upon which duty was thus paid.

I may add that stock is taken at all distilleries on the 31st of March in each year, and in consequence the surplus found at the General Distilling Company, Toronto, and the Montreal Products Company, Montreal, respectively, was determined and charged upon the monthly returns for the month of March.

In the case of the H. Corby Distillery Company Limited, Belleville, a deficiency of 500·27 proof gallons was found upon which duty was paid in July last, and credit taken for the quantity represented thereby in the December returns.

I regret that, by oversight, the district inspectors' returns have not been regularly forwarded. Steps will be taken, however, to see that they reach you in future. Those received since February of last year are inclosed herewith. It is required that duty shall be paid on all deficiencies of the character above referred to.

I remain, sir, your obedient servant,

GEO. W. TAYLOR,
Asst. Deputy Minister and Secretary.

The Auditor General.

AUDIT OFFICE, OTTAWA, January 14, 1915.

SIR,—I am in receipt of your letter of the 12th instant in reply to mine of December 29, in reference to surpluses and deficiencies at the distilleries.

In most cases there is a surplus. You make no reference to the cause of these surpluses, to which I drew your attention.

I have received the returns of the district inspectors, but not of the inspectors of distilleries. Please send them.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, March 6, 1915.

Re **Refunds—August 7 to 20.**

SIR,—I have received two Orders in Council dated February 8 and 23, 1915, authorizing refunds of increased duty paid on goods entered for consumption between 7th and 20th August, 1914.

The Act, chapter 6, 5 George V, increasing certain duties, was assented to August 22nd, but it is provided that the Act shall be deemed to have come into force on August 7, 1914.

The Order in Council intimates that the reason why these refunds are authorized is that the goods were entered for consumption in the ordinary course of business, and were not abnormal in quantity or intended for speculative purposes.

In view of the provision in the Act that it shall come into force on August 7, it seems to call for explanation why it is now decided that it shall not come into effect till August 21.

I am, sir, your obedient servant,

JOHN GORMAN, *for A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, March 19, 1915.

SIR,—I beg to say in reference to this matter, that the contents of your letter of March 6 was communicated to the Honourable Mr. White by the Honourable Mr. Blondin and, in the Honourable Mr. White's letter to the Honourable Mr. Blondin, I find the following statement:—

> "During the budget debate of the August session I stated that we would not collect these retroactive duties from those who had taken goods out of bond in the usual course and had sold them at the ordinary price; that is to say, our intention was to make the duty apply to those only who had been endeavouring to anticipate the duties and make profits for themselves."

This is, therefore, the explanation as to why the department, after making very minute and full investigation in each particular case, has found it fair and just to make a remission of duty in all those cases where it was proved beyond doubt to our experts that there was no evidence of speculation and, in fact, no speculation, in the cases wherein refunds are recommended.

Hoping this will be satisfactory.

I remain, sir, your obedient servant,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, April 16, 1915.

Re **Missing Weights and Measures Stamps—Winnipeg.**

SIR,—On a statement of the inspector at Winnipeg for the month of April, 1911, it is stated that 1,000 $1 stamps are missing.

On the statement for the month of May following it is stated that these 1,000 stamps were written off.

Explanations are requested.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE, DEPARTMENT OTTAWA, April 20, 1915.

SIR,—Replying to your communication of the 16th inst., in connection with the above mentioned subject, I beg to advise that by an Order in Council dated 18th May, 1914, authority was obtained to take credit in the divisional accounts for these stamps.

A copy of the Order in Council in question, which will explain the circumstances, is herewith inclosed.

I remain, sir, your obedient servant,

GEO. W. TAYLOR, *Asst. D.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 26, 1915.

Re Guarantee Fund.

SIR,—The premiums to the guarantee companies covering bonds for your officers come to account with the ordinary revenue deposits and are credited to Casual Revenue, and when payment is made to the companies charge is made to same account. This is a cumbersome way of handling these receipts and is attended with frequent irregularities, the fees for guarantee being credited to other revenues.

The practice followed in other departments seems preferable. For instance, the Post Office department deposits all guarantee premiums paid by its officers in the Post Office Savings Bank to credit of account called "Post Office Guarantee Fund" and payments are made out of it to guarantee companies by Order in Council.

Might I ask you to consult with your officers with a view of adopting a similar practice.

I am, sir your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

I certify that these accounts have been examined by me under the direction of the Auditor General and by authority of 7-8 Edward VII, chap. 76, and are correct. The over-expenditures shown in Auditor General's report of 1913-14, page J—196, have been provided for by Ordinance No. 8 of 1915. The only over-expenditures in this year's accounts are of the appropriations for Roads, Bridges and Public Works, which are provided for by a clause in the Supply Ordinance of 1914.

SAMUEL RETTIE.

AUDIT OFFICE, OTTAWA, December, 1, 1914.

Re **Refund to Imperial Collieries, Ltd.**

Sir,—On 13th May, 1914, you refunded to the Imperial Collieries, Ltd., $2,455.90, payments made in 1906, 1907 and 1908, as purchase price of mineral rights of certain lots, the rights having been surrendered and revested in the Crown.

Please let me know the authority for this refund, and the reason therefor.

Has this company not exercised its rights in these lots?

A refund of revenue collected in previous years should not be made through your Letter of Credit. If it was deemed right that a refund should be made and the authority of an Order in Council was obtained, then a direct application should be made to this Office.

I am, sir, Your obedient servant,

The Deputy Minister, Interior Dept. J. FRASER, *A.G.*

DEPT OF THE INTERIOR, OTTAWA, December, 5 1914.

SIR,—I beg to acknowledge the receipt of your letter of the 1st instant in which you ask for an explanation of the refund of $2,455.90 made to the Imperial Collieries, Ltd., on the 13th May, 1914, our cheque 20766.

In reply, I am enclosing you, herewith, a memorandum which has been prepared for me on this subject by the Controller of Revenue. I trust that the explanation furnished will be sufficient for your purpose. At the same time, it would appear that we would be able to avoid further criticism along this line if we had a proper definition of the method by which you wish these refunds made. I would be glad if you would let me know whether you have a set of printed rules or a circular covering this subject.

Yours very truly,

The Auditor General. W. W. CORY.

OTTAWA, December 4, 1914.

MEMORANDUM.

I beg to submit the following particulars regarding the above refund:—

The purchaser filed in the department a solemn declaration to the effect that he proceeded to sink two shafts with a view to the discovery of coal; that when he reached the depth where coal has been found in that district he encountered quick-sand and water; that he resorted to a core-drill, and went down a considerable depth past the usual coal level, but without discovering coal; and that a drill had been put down on an adjoining property to a depth of 800 feet without coal being found. The purchaser declares that an expenditure of nearly $7,000 was incurred; that it was clear that this land contained no coal, so that he purchased from the Government something that does not exist, in view of which fact he asked for permission to revest in the Crown the rights in question upon the condition that the amount of the purchase price be refunded. All the particulars of the case were carefully considered and it was decided to make the refund in the usual course.

As to the Auditor's request that a refund of revenue collected in previous years should not be made through our Letter of Credit system, I beg to submit that more than two-thirds of the revenue refunded by the department for years past was collected in previous years, and no objection to such a course has before been taken by the Auditor General.

The Executive Regulations do not contain any rulings which cover the refunding of revenue, and if the Auditor General would be good enough to point out just what class of refunds should be made by Letter of Credit and what class he desires direct applications made to his office for, I feel sure you would give the necessary instructions to comply with his wishes in the matter.

I may pont out that there are very many advantages in having all refunds made through one channel, namely, by Letter of Credit cheque, and if the Auditor General could see his way clear to furnish us with regulations governing "refunds of revenue" I feel sure the department would see that they were strictly adhered to.

Respectfully submitted,

GEORGE D. POPE.
Controller of revenue.

AUDIT OFFICE, OTTAWA, December, 11, 1914.

Re **Refunding Public Revenue.**

SIR,—I am in receipt of your letter of the 5th in reply to mine of the 1st in which I submitted that refunds of revenue collected in previous years should be made under authority of Order in Council and by direct application to this Office.

You wish to know if there is a set of printed rules or a circular governing the refunding of revenue.

I would refer you to the Consolidated Revenue and Audit Act, R.S. chap. 24, section 92. By reference to subsection 4 you will observe that it is stipulated that *no* remission shall be made unless recommended by Treasury Board and sanctioned by the Governor in Council.

While the Act is very specific yet this Office raises no objection when the refund arises through an overpayment, when a payment is made for a lease or purchase that can not be granted, or other reasons of a like nature.

But many of the refunds made by your department would seem to come under the class of those covered by the Act, and should not be made without authority of an Order in Council.

There is no direction in any Act or Order in Council governing the payments to be made by direct application, which in other words means Audit before payment.

By reference to section 40 of the Consolidated Revenue and Audit Act you will observe that the issuance of a Letter of Credit was only for the expenditure of the money voted by Parliament. As a matter of fact, there is no statutory authority for the payment of refunds, not voted by Parliament except by direct application, and several departments make direct application for all refunds.

However, I can realize that many of the refunds necessary in the work of your department, such as I have previously referred to, arise from errors or overpayments by purchasers, and do not require any authority other than your own. I also can understand that some of these cover revenue paid in former years.

I trust I have made plain the stand this Office takes in reference to these refunds and that you will see your way to comply.

I am, sir, Your obedient servant,

The Deputy Minister, Interior Dept. J. FRASER, *A.G.*

DEPARTMENT OF INTERIOR, OTTAWA, December 18, 1914.

SIR,—I beg to acknowledge receipt of your letter of the 11th instant in which you refer me to the Audit Act, chapter 24, section 92.

On looking up the section in question I find it deals with the remission of Duties and Forfeitures, and I am therefore inclined to agree with your remark that as a matter of fact there is no authority for the payment of refunds in this department in so far as the Audit Act is concerned. As pointed out in the eighth paragraph of your letter, most of the refunds arise from errors or overpayments, and in order that there may be no misunderstanding in the future I would like to obtain your consent to continue making the following refunds out of our Letter of Credit Account by departmental authority:—

1. Payments in connection with Purchased Homestead and Preemptions as authorized by 7-8 Edward Seventh, Chapter 20, Clauses 27 and 28, including entries cancelled by default or abandoned.
2. Improvements as authorized by Chapter 20, Clause 15.
3. Petroleum and Natural Gas Fee of $5 authorized by Order in Council of 19th January, 1914.
4. Payments for Homestead Fees, lease or Purchase that cannot be granted.
5. Overpayments on all classes of Revenue.
6. Chinese Immigration Capitation Tax authorized in each case by Order in Council.

It is also understood that refunds not included above and of a special nature are to be submitted for Audit before payment.

Please let me know if this arrangement will be satisfactory to you.

Yours very truly,

The Auditor General. W. W. CORY.
D. M.

AUDIT OFFICE, OTTAWA, December 21, 1914.

SIR,—I beg to acknowledge receipt of your letter of the 18th instant in which you specify classes of refunds to be made through Letter of Credit Account and state that all other refunds and those of a special nature will be submitted for audit before payment.

I may say in reply, that this arrangement will be satisfactory so far as this office is concerned. Without having authority to approve of any refunds made under this arrangement, not authorized by statute, no exception will be taken to them.

With reference to refunds of a special nature, to be submitted for audit before payment, it will be necessary that each should be authorized by Order in Council, in compliance with Audit Act.

I am, sir, Your obedient servant,

The Deputy Minister, Interior Dept. J. FRASER, *A.G.*
